# Affiliate marketing: Defining affiliate programs

An affiliate program is a great way to make money on the Web. You write the content that you typically write and then link to the products that you talked about. When one of your customers clicks on the link and buys the product, you get a small commission of the sale.The reason affiliate programs work so well is because youre not relying on a computer to match up ads to your content. You do it yourself. You know best what ads would work best on your content and which products and services recommend. And when your readers see that youve taken the time to review a product or service, theyre going to feel more comfortable buying that product.Get all info here.
