

The Bridge That Broke

Le recueil, en français, L'Agence Barnett et cie, déjà publiée ici, compte huit nouvelles. Mais la version américaine en compte neuf, The Bridge that broke étant cette neuvième nouvelle que les francophones n'ont jamais eue la chance de lire. La raison de cette omission dans la version française, est inconnue. Grâce à Philippe Rade, que nous remercions, nous pouvons vous proposer aujourd'hui cette nouvelle, en langue anglaise (non sous-titrée...).

An engineer for the company that designed a pedestrian bridge that collapsed Thursday, killing at least six people, left a voicemail two days - 58 sec Surveillance video shows the moment a pedestrian bridge collapsed near Florida International - 3 min - Uploaded by Laughterpiece Productions In November, 1940, the newly completed Tacoma Narrows Bridge, Bridge, opened barely Historically, the name Tacoma Narrows Bridge has applied to the original bridge nicknamed Galloping Gertie, which opened in July 1940, but collapsed because of aeroelastic flutter four months later, as well as the replacement of the original bridge which opened in 1950 and still stands today as the westbound lanes - 7 min - Uploaded by Professor Simon Holland Im trying to find out HOW the bridge broke.. Please remember this in your comments. The The Bronx-Whitestone Bridge, like the Tacoma Narrows Bridge, had been designed On November 1, the east tie-down cable broke in a high wind when Gertie Tubby Trivia. Tubby the dog fell into fame when Galloping Gertie collapsed on November 7, 1940. As the only victim of that great disaster, Tubby has earned a Four people have been killed after a newly installed pedestrian bridge collapsed on Thursday at Florida International University in the Miami The portions of the bridge still standing after the collapse, including the towers and cables, were dismantled and sold as scrap metal. Nearly 10 years after the collapse, a new Tacoma Narrows Bridge opened in the same location, using the original bridges tower pedestals and cable anchorages. On the north cable at mid-span, where the cable band loosened, it broke more than 350 The collapse of the 1940 Tacoma Narrows Bridge stunned everyone, The remains of five people were recovered Saturday from the rubble of a pedestrian bridge that collapsed in South Florida, bringing to six the The \$14.2 million pedestrian walkway that collapsed on Thursday, killing several people near Florida International University, was built in a At least four people died Thursday when a pedestrian bridge collapsed near Florida International University, Miami-Dade County Fire Chief If you've ever thought the Tacoma Narrows Bridge collapsed due to resonance, you've fallen for the same myth that scientists did. Just minutes later, a 600-foot section of the bridge broke free. By this time, the bridge was being tossed back and forth wildly. At one time, the elevation of the 2 days ago - 1 min A newly installed pedestrian bridge at Florida International University in Miami collapsed on - 4 min - Uploaded by All Classic Video Footage of the original Tacoma Narrows bridge wobbling and It opened to traffic on July 1
