

# Everybody Ahead - Or, Getting the Most Out of Life [ 535 pages ] [ Table of Contents ]

Previously unavailable in Kindle format. A republished classic of achievement and success! Included in the many attributes that Marden addresses are motivation, determination, visualization, initiative, habit, and health. He dedicates the writing of the book... TO those who are determined to make their lives count... and who will never cease striving until they have lifted themselves up to the level of their highest gift. It is dedicated to all who believe that a lowly beginning is no bar to a grand career, and that there is no chance, destiny or fate that can thwart a determined soul... and that everybody ought to be happier than the happiest now are. EVERYBODY AHEAD is also dedicated to the men who have won out, the John Wanamakers, the Charles M. Schwabs, the Judge Lindseys, the Edwin Markhams, the Hudson Maxims, the Luther Burbanks, the hundreds of other successful men in the various occupations and professions who have testified to the inspiration and help they have received from the Marden Books; and to the thousands who thank the author for giving them the first glimpse of possibilities which they did not before realize they possessed, and the discovery of which proved turning points in their careers. This book is dedicated to every man and woman who is determined to make a worthy contribution to the world; to make it a little better, a little cleaner, a little decenter place to live in.
