

Satisfaction Guaranteed (The Goddard Project, Book 1)

Anytime, anyplace, Ethan Cranes your man. An agents agent, hes tough, smart, and fearless. Exactly the guy you want when the stuff hits the fan-and precisely the kind Beth Whitney avoids like the plague. It took a fiance (make that ex-fiance) in the business to teach her, but shes learned her lesson: Dont. Date. Agents. Ever. Its this little rule thats kept her gainfully employed at the agency, doing her part for world security from behind a desk. So when a case throws the two together, Beths determined to keep it strictly professional. So far, so good-except for the steamy kisses, the red-hot phone sex, and ... What was that rule again? To Ethan, Beth couldnt be less his type if her father ran the agency, which, oh yeah, her father does run the agency. Still he cant help but be impressed by her inspired work in the field-a total turn on. Off the field its even better. Seems the old adage that opposites attract happens to agents too. Even if Beth insists its just a fantasy. But hot pursuit of a notorious information broker is what they should focus on-not each other. That can wait until theyve accomplished a job well done. Or can it?
