

Hypnosis For Beginners: The Most Frequently Asked Questions Answered

Have you ever wondered what hypnotists do to hypnotise people, or what it feels like to be hypnotised? How about whether people need to be relaxed to be hypnotised, or whether you can hypnotise someone covertly or just by talking about different experiences or hobbies? These questions and more are covered within the pages of this book. In this book I have answered the 80 questions I have most frequently been asked. From reading this book you will know how to hypnotise people covertly and conversationally. You will understand how to use metaphors and stories in hypnosis, how confusion, pattern interrupt, shock and surprise inductions work, how to use a variety of hypnotic language patterns and hypnotic techniques and how you can practice and develop your skills as a hypnotist. At the end of the book there is also an extract of information and scripts from my book *Advanced Ericksonian Hypnotherapy Scripts* which you can use to hypnotise yourself or others or just to read and develop your skills further
