

Information Systems Today: Managing in a Digital World, Global Edition

A Modern Foundation in Management Information Systems In a modern world constantly reshaped by new forms of transformational information systems, familiarizing students with management information systems has never been so important. Information Systems Today: Managing in a Digital World make this challenging material both easy-to-understand and applicable to future careers. With a focus on providing a rigorous foundation that's relevant and aligned to the latest trends, the Seventh Edition explores how the rise of mobile, social media, the Internet of Things, cloud computing, and Big Data affect the future of information systems. Written for a diverse audience, Information Systems Today frequently invokes real-world examples to illustrate key concepts and help students retain valuable insights. MyMISLab not included. Students, if MyMISLab is a recommended/mandatory component of the course, please ask your instructor for the correct ISBN and course ID. MyMISLab should only be purchased when required by an instructor. Instructors, contact your Pearson representative for more information. MyMISLab is an online homework, tutorial, and assessment product designed to personalize learning and improve results. With a wide range of interactive, engaging, and assignable activities, students are encouraged to actively learn and retain tough course concepts.
