

Fair Winds and Following Seas - Volume 1 - Black Judas: The Romance & Adventures of Eastern Shephard, Royal Navy

HMS Armageddon has left England for a mission off the coasts of Britains colonies in Canada and America. For Lt. Eastern Shepherd, it is a chance for adventure and fame as the Royal Navy suddenly comes to grip with vicious pirates that plague the waters off Nova Scotia and New England. But there is more than flashing swords and flaming cannon on Shepherds mind when he is locked in battle with the buccaneer Black Judas there is the fiery beauty of young Serenity Greene, the Boston merchants daughter, who he would dearly love to see again. If only he can manage to survive dagger thrusts and musket fire and cannon balls and the savage crew of the pirate ship Lucifer.
