

## Out In The Country

Widowed a year ago, Lynne Marshall believes she's ready to start a new chapter in life. She plans to exchange the bright lights of Manhattan for her home country of Scotland and open a country hotel with her childhood friend Jess and her fiancé Rob. Her daughter Molly will manage the home front as she starts her first year of teaching in one of the city's toughest schools. When those plans are suddenly and tragically ruined, both Lynne and Jess are left shaken--and unsure what the future holds for either of them. A weekend trip to Lynne's husband's home town in rural Vermont brings new opportunities, decisions, and a second chance at love for both Lynne and Jess... if they dare to risk their hearts again. Meanwhile Molly faces difficult choices of her own, and must decide where her heart truly lies. Previously published as a magazine serial, *Out in the Country* is a heartwarming novel celebrating the strength of family, friends, and second chances of all kinds. Written by USA Today bestselling author Kate Hewitt.
