

Pride and Prejudice (Annotated): The romance classic novel book

The *Pride and Prejudice* is a great masterpiece of Jane Austen, that is a sharp and witty comedy of manners played out in early 19th Century English society, a world in which men held virtually all the power and women were required to negotiate mine-fields of social status, respectability, wealth, love, and sex in order to marry both to their own liking and to the advantage of their family. The romantic clash between the opinionated Elizabeth and her proud beau, Mr. Darcy, is a splendid performance of civilized sparring. And Jane Austen's radiant wit sparkles as her characters dance a delicate quadrille of flirtation and intrigue, making this book the most superb comedy of manners of Regency England.
