

## Return to the Olive Farm

Life and love, olive groves and bee hives in Provence - further adventures in the bestselling Olive Farm series. After sixteen months of travelling round the Mediterranean in search of the ancient secrets of the olive tree, Carol returns to her beloved olive farm in the south of France, to her husband Michel and his burgeoning family. However, the homecoming celebrations are overshadowed by disturbing discoveries. The plight of the honey bee has become an international crisis and Carol is faced with unsettling news about the hives on her own olive farm. While the multinational companies are pushing for bigger, better, bumper crops, a small band of farmers and ecologists are calling for a halt to many of the modern farming malpractices that are endangering the planet. Carol is amongst them. But it puts her own farm, her idyll, under threat. At what point do you turn your back on all that you believe in and all that you have been fighting for? This is the story of how Carol and Michel struggle with some difficult choices, and how they decide to deal with the unavoidable disappointments and inevitable responsibilities that come with running an organic farm.
