

Some Women I Have Known

A Wistful Memoir - Kirkus
John Van Dorn confuses playing sheet music with playing between the sheets. His anchors in Life are Lady D, his grandmother, and soon-to-be filmstar Audrey Hepburn, with whom he rides a pony, she 13 and he 7. But finding his true mate is tough: John learns that life is full of losses and ephemeral relationships, until he meets the Joy of his life. Each tale can be read in one sitting.
