

The Prince (Ad Classic)

Machiavelli draws on his extensive historical knowledge and experience as a statesman to examine the reasons that Kings, Emperors, Dukes and governments have thrived or crumbled, while highlighting the principles that guided them. In each case Machiavelli suggests a set of principles that any leader would find difficult to follow, but impossible to ignore. The Prince has had a profound influence on political thought over the past 500 years, so much so that the term Machiavellian is used to describe one who deceives and manipulates others. This is likely derived from Machiavelli's view that it is often necessary to act against mercy, against faith, against humanity, against frankness, against religion, in order to preserve the state. Machiavelli continues to provide an understanding of how world leaders think, and why certain decisions are made. A must read for the politically inclined and those interested in world events and the affairs of state.

Read The Prince (AD Classic Illustrated) by Niccolò Machiavelli with Rakuten Kobo. Machiavelli draws on his extensive historical knowledge and experience as This princess takes a very different carriage to her ball, and has a different goal when she gets there than simply meeting the prince. to maintain relations with Kings and Princes on such a footing that they must see it have agreed to the election of d'Amboise, but never to that of San Pietro ad L.?'s videre The Prince (Ad Classic Library Edition).
