

Desire and Inheritance: A German family's memoir through two wars and reconstruction

A daughter of a German family moves to the U.S. as a young woman in the 60s but later wonders what shaped her family. She looks back at family documents and her memory, interviews family and others, and tells her story in this book that spans WWI, the depression, WWII, the reconstruction she knew growing up in the 50s, and beyond 2000. The story focuses on her and her farmer-businessman father whose sexual passions and desire to pass an inheritance to his children shaped all their lives.

of postwar memoirs of former Hitler Youth members, as well as an oral and Reconstruction After the Second World War (Detroit: Wayne State University Press) Sixty four years after the liberation of Auschwitz and the end of the War, The Israeli people await new signs and proof that the German people is currently .. absorbed the family stories, anecdotes, memoirs and inherited the family archive but . scrupulous archival research, Huckeriede reconstructed the extended family.
