

Owners Manual

You've made the comment a million times - if only that person in your life came with a set of instructions. Whether you've been married forever, just met, or you've been together for a while but want to take your relationship to a new level, we'd all like a little written guidance now and then to take some of the guesswork out of our relationships. Whatever your situation, the book you've been waiting for is here. Someone finally wrote it...The Owners Manual. The Owners Manual is the perfect gift to give that someone - or potential someone - in your life. Friend or lover, the questions will inspire laughter, good conversation, and a new or renewed closeness as you learn more about yourself and share it with someone you care about. Truly interactive, the receiver of the book provides the answers to a variety of questions, then returns the book to the giver. The perfect way to enjoy The Owners Manual is by buying two, exchanging them, and then acting on the information you receive, whether it's a shoe size or a favorite sexual fantasy or both...you decide.
